Key qualifications

I hold a bachelor's degree in computer technology and am currently in my first semester of a master's degree in software engineering. Over the past two summers, I worked as a developer for Rambase Cloud ERP and Omega 365 Solutions. I have experience with Java, Python, C#, JavaScript, TypeScript, CSS, HTML, .NET (MVC), Angular.js, Flask, Django, React, jQuery, Bootstrap, git and Node.js. I like to work together with others as a team and will describe myself as a social and positive person with a strong ability to adapt.
